

# Welcome to Mullbäret/Filuren preschool unit Ekorren/Humlan

We start with a acclimatization period, which means that you parents are with your children at the preschool for three days with us and the other children.

The times are as follows:

First day:	09.45-15.00
Second day:	09.00-15.00
Third day:	09.00-15.00

During these days we get acquainted with you and your child and you with the preschool. There will be one of the staff that has the main responsibility for your childs first days and will be att hand throughout these days. How much you, as a parent, are present during these three days varies from day to day and depend on how you and your child feels. If necessary we will ad days to the acclimatization period, if you or your child needs to. The first days after the acclimatization period it is prefered that the child has some shorter days at the preschool. And that you then ad the time spent at the preschool until the child have his/hers ordinary times.

To bring to the preschool first day (only applies to Mullbäret):

- One pillow in adult size and one pillow slip
- One sleepingbag (we sleep with the window open)

If you as adults want to eat lunch with us at the preschool it has a prime production cost of 20 SEK per day

Welcome!
